

## **SPECIFICATIONS FOR 1/2 TON 4X4 PICKUP TRUCK**

The County is seeking quotes for the purchase of one (1) full sized half (1/2) ton 4x4 pickup truck for the Lake County Parks and Trails Division. The purchase will be made to the vendor with the lowest price when all items (base + options) are added in the aggregate. If the price for an option is being included in the base price quoted, indicate \$0.00 for that option and note this on these specifications in the spaces provided. If a vendor fails to submit a quote for all items, its overall offer may be rejected.

The specifications and minimum requirements are listed below. **This document must be completed and submitted with the quote.** For each item, the vendor shall mark “yes” or “no” to indicate if the proposed machine meets all requirements in the section. The completed specifications shall be submitted (uploaded) with the quote. **All exceptions shall be of equal or greater precision equipment and must be explained, by line item number on a separate sheet, submitted with the quote.** The quote shall also include specification sheets of the proposed vehicle to allow the County to determine equivalency. Equivalency shall be at the County’s sole discretion. Note that only one (1) attachment can be uploaded in the County’s electronic quote system when submitting electronically – please scan all submittal documents (these specifications and the vehicle specification sheets) into one document for attachment and uploading with your quote.

The vehicle quoted and provided shall be the manufacturer’s standard equipment with no alterations. The County will not lease or purchase altered vehicles or custom designed vehicles unless expressly provided for in this proposal document. Vehicle shall be a 2017 model unless otherwise specified. The vehicle must be new and unused in current production. Used, demonstrator, prototype or discontinued models are not acceptable. The vehicle shall be the manufacturer’s standard and shall be equipped with the manufacturer’s standard equipment and accessories which are included as standard in the published specifications for the unit. No such item of equipment shall be removed or omitted for reason that it was not specified in the bid. Any accessories not specifically mentioned herein but necessary to furnish a complete engineered unit ready for use, shall be included.

The vehicle shall be manufactured so as to be in strict conformance to all standards applied by any Federal or State regulations. Lights, brakes and all other devices, shall be in accordance with industry standards and established safety requirements as well as those safety and highway standards required by Local, State and Federal regulations, specifically including those of the US Department of Transportation.
